Axis maps cartography guide- what is a map?

What is a map? It may sound silly to ask what a map is. Thematic maps emphasize the spatial pattern of geographic attributes or statistics about places and relationships between places. For example, while a reference map might show the locations of cities, a thematic map might also represent the population of those cities. A reference map might show bank locations, while a thematic maps

Thematic map - Wikipedia

A 'Thematic map' is a map that focuses on a specific theme or subject area. This is in contrast to general reference maps, which regularly show the variety of phenomena geological, geographical, political together.
